Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' treatment process of a solution containing an organic compound having a fluorocarbon chain and a polymer is unobvious over the prior art or record. Although the closest prior art of record {WO 9410973} teaches that layered double hydroxides may be prepared

Art Unit: 1621

by adding divalent and trivalent metal salts to a solution containing nonhalogenated compounds such as monocarboxylic acids, monoalkyl and monoalkyl ether sulphates, alkyl benzene sulphonates and/or mixtures thereof, the prior art of record does not teach or suggest adding the divalent and trivalent metal salts to a solution containing a fluorinated organic compound and a polymer containing fluorine. All claims (1-20) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
